

CORRECTIONAL  
OFFICERS  
UNIQUE JOB  
DIFFERENT CONTRACT

UNION OF CANADIAN CORRECTIONAL OFFICERS – CSN

Almost three years after the start of negotiations for the renewal of our collective agreement, Treasury Board is putting our patience to the test by discussing our demands sparingly.

Over the next few weeks, we must make sure our voices are heard loud and clear by the negotiators and the Canadian public. That is why **today we are launching a campaign via the web and social media** that will be deployed over several weeks. The publications will highlight the fact that **our job is unique in the public service and that our contract must therefore be different from all others.**

We ask you to share widely the publications using the hashtags **#cxonestdifférents #cxaredifferent.**

The first video is available now at: <http://ucco-sacc-csn.ca/2017/03/13/unique-job-different-contract-un-travail-unique-un-contrat-different/>
