

APRIL 2017

A NEW 3 IN 1 JACKET, FINALLY!

For several years, UCCO-SACC-CSN, through our National Uniform committee, has been requesting that CSC provide us with a proper 3 in 1 jacket for Correctional officers suitable for all weather conditions and in line with other law enforcement groups. Through the hard work of the joint committee and the support of the Commissioner, we have finally reached an agreement to move forward with the new jacket.

The new 3 in 1 jacket will be rolled out to our members between February and June of 2018. It will replace the current bomber jacket, Winter Parka, and Raincoat. Our persistence has paid off and we have finally secured this practical and essential part of our uniform.

Our persistence has paid off and we have finally secured this practical and essential part of our uniform.

We thank you for your patience and we are confident that our membership will be more than pleased with the result.
